

September 17, 2024

Dear Brink's Customer,

We want to inform you of the steps we are taking in response to the impact from Potential Tropical Cyclone Eight. Below is a summary of the impact we are seeing and steps we are taking to minimize disruptions. We are also providing guidance to customers in order to speed recovery efforts and minimize the potential for any further disruption.

- All branches are open and operating Business-As-Usual (BAU) on Tuesday, September 17, 2024.
- Due to road closures, the **Myrtle Beach, SC Cash-in-Transit (CIT)** branch had to cancel some routes; those services will be made up on Wednesday.

Customer Guidance

- Contact Brink's with known impacts to bank branches, retail stores and ATM locations.
- Brink's will do its best to accommodate special requests, but customers are reminded that our top priority is completing scheduled service as of the day we resume operations.
- In order to speed the delivery of cash we ask customers to remove any orders placed prior to the event but not yet delivered. This will allow us to focus on current needs in the market and avoid service attempts that may no longer be applicable.
- Remember that wet and contaminated money will require special handling outside the scope of our regular services per the Federal Reserve.
- Brinks may provide contaminated currency processing and coin decontamination services. Depending on the situation, these services may be available following Potential Tropical Cyclone Eight
 - Customers must pre-approve pricing before service is performed.
 - Customers should not attempt to ship until service has been approved and scheduled by the contamination handling team.

Our goal is to minimize disruptions and provide you with options for managing your funds on hand. Should you have questions about your service, or suspect that you have wet or contaminated currency, please contact 1-877 5BRINK'S (1-877-527-4657).

Sincerely,

The Brink's Team
